

Australian Institute of Building Surveyors

BCA 2006 NSW REGIONAL SEMINARS

Featuring the new BCA provisions
including Energy Efficiency

CPD POINTS - 7

Dates and Locations

- BALLINA, Tue 7 March
- PORT MACQUARIE, Thu 9 March
- DUBBO, Tue 14 March
- WAGGA WAGGA, Thu 16 March
- TAMWORTH, Wed 22 March
- NOWRA, Wed 12 April
- NEWCASTLE, Wed 19 April

The objective of the seminars is to inform you of the coming changes and to present you with the facts and know-how to successfully apply the BCA.

If you are involved in building or approving buildings you need to know how these provisions will affect the way you work. The seminars will provide you with an opportunity to learn the issues from technical experts. From an introductory overview through to specific issues, you will be able to identify key areas for action.

The format of the seminars will be an information session in the morning that will provide an overview of the changes to the BCA, including those for energy efficiency. The afternoon will be a workshop session that will provide hands-on training on the practical application of the new energy efficiency provisions for commercial buildings – Class 5 to 9.

The seminars will involve input from the Department of Planning, who will provide information regarding the administration, application and implementation of the new provisions in NSW.

Knowledge of the changes to the BCA, especially the new provisions for energy efficiency in commercial buildings, is essential for all professionals involved in the design, construction and certification of buildings.

A \$40 discount is offered to Affiliated Organisation members.

AIBS Affiliated Organisation members include organizations listed as part of the National Building and Surveying Alliance: AHI, AIB, AILA, AIQS, API, IEMS, FMA, PIA, SSI and BDAA.
