2019 Population Projections for Ballina help us understand the future size of the population and composition of households in the Shire.

The 2019 Population Projections indicate that the population of Ballina is estimated to increase by 4,100 people between 2016 and 2041, from 43,000 to 47,100. Ballina is estimated to continue to grow as people move into the LGA, particularly those around retirement age.

The working age population (aged 15-64) is estimated to decrease by 25,250 in 2016 to 23,800 in 2041 – a change of 1,450.

The number of children aged 14 and under is estimated to change by 1,100 children, from 7,350 in 2016 to 6,250 in 2041.

The number of people aged 65 and over is estimated to increase from 10,400 in 2016 to 17,050 by 2041 - a change of 6,650.

Supporting communities in Ballina

The NSW, Federal and local governments are delivering infrastructure and capital works that may change future population patterns and growth beyond what is shown in the projections. For example:

- The $6.8m Emmanuel Anglican College hall build
- The $3.95m Southern Cross Industrial Park and innovation precinct expansion
- The $3.5m Ballina Indoor Sports Centre redevelopment
- The Pacific Highway upgrade from Woolgoolga to Ballina

What are the NSW Population Projections?

The NSW Population Projections estimate the future NSW population based on assumptions for fertility, life expectancy and migration. They represent possible demographic futures based on the best assessment of how the NSW population may change over time, including population size, age profile and residential location. These projections are based on assumptions known at the time of publication. These projections are a tool used by the Government in the planning of services and infrastructure such as schools, hospitals, transport and community services.

Future decisions, such as infrastructure investments and land use plans, will change future population patterns including growth and distribution. These projections do not change the vision set out in Regional Plans or affect local plans and strategies such as the Local Strategic Planning Statements and Local Housing Strategies.
