East Circular Quay (Amatil building)
Response to *The Daily Telegraph*

Can you please confirm the current status of the East Circular Quay (Amatil building) proposal and who will determine it?

Department of Planning and Infrastructure response:

The Department of Planning and Infrastructure exhibited this application for an extended period of 42 days from 18 January to 29 February, 2012. The department received 11 objections to the application. The City of Sydney Council has not objected to the proposal.

The department is currently awaiting the submission of the proponent's response to submissions and preferred project report. Once this is received and the department has completed its assessment report, the application will be determined under delegation by either the department or the independent Planning Assessment Commission.
