Potential environmental impacts of Coalpac mining extension

- Spectacular rock formation known as "The King's Chair"
- Extensive valley floors incompatible with open-cut mining
- Rock formation known as a "pagoda" typical of the area
- Examples of internationally-significant rock formations

Proposed new areas of open cut mining

- Rock formations within existing, natural setting typical of the area
- Greater Blue Mountains World Heritage Area – 2 kilometres

Legend

- Open Cut Mining - Proposed
- Existing Cullen Valley Mine
- Existing Invincible Colliery
