Have your say on Four Points Sheraton hotel plans

A proposal to update the Four Points Hotel on Sussex St will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application which seeks to:

- increase building height by two storeys, from 25 to 27 storeys
- increase commercial floor space by 1620m2
- amend the plant and lift motor room on the roof
- provide additional bicycle parking and end of trip facilities
- undertake other design modifications

A spokesperson for the Department of Planning and Environment said input from the local community will be considered as part of assessing the project.

“Community consultation is an integral part of the planning process. The applicant will have to respond to the feedback we receive and this is all taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going on-line and I encourage anyone who is interested to take a look and have their say.”
