**Have your say on proposed changes to Building 2 at UTS**

A proposal to make modifications to the concept plan for Building 2 on the corner of Broadway and Jones Streets at UTS will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application which seeks to:

- increase the approved additional gross floor area of the building which will result in additional space for the entire campus redevelopment
- expand and amend the approved concept plan for the building, including a 34.41 metre height increase, resulting in a maximum height of 64.5 metres

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the proponent will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”

To make a submission or view the environmental assessment, visit [www.majorprojects.planning.nsw.gov.au](http://www.majorprojects.planning.nsw.gov.au). Submissions can be made from Thursday 27 August 2015 until Monday 12 October 2015.

Written submissions can also be made to:

Planning Services,  
Department of Planning and Environment  
Attn: Karen Jones – Infrastructure Assessments  
GPO Box 39  
Sydney NSW 2001
