Have your say on a Bulk liquids Terminal in Port Kembla

A proposal to construct a Bulk Liquids Terminal at Tom Thumb Road in Port Kembla will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the proposal, which seeks to construct a terminal for importing and distributing petroleum fuel products and ethanol.

The application includes:

- 23 tanks for storage of petroleum fuel and ethanol liquids
- truck and ship unloading and loading equipment
- 13 waste tanks, two firewater tanks and associated utilities and services.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”

To make a submission or view the Environmental Impact Statement (EIS), visit www.majorprojects.planning.nsw.gov.au.

Submissions can be made from Friday, 11 December 2015 until Friday, 29 January 2016.

Written submissions can also be made to:

Department of Planning and Environment  
Attn: Director – Industry Assessments  
GPO Box 39  
Sydney NSW 2001
