Have your say on a new executive lounge and rooftop bar at the Four Points Hotel

A proposal to construct an executive lounge and public bar at the Four Points Hotel in Darling Harbour will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application, which seeks to:

- construct an executive lounge, public bar and associated amenities and plant on the rooftop of the northern tower
- increase the height of part of the northern tower from 10 storeys to 12 storeys
- increase the approved floor area of the hotel by 927 square metres.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”
