Have your say on a new Learning Hub at SCECGS Redlands School

A proposal to upgrade SCECGS Redlands School over five stages, including detailed plans of the first stage, will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the Concept Proposal and Stage One – a proposed new learning hub.

The application seeks to:

- Establish where buildings are proposed to be located including constructing new and upgraded teaching, learning and sporting facilities, open space and transport infrastructure
- demolish and refurbish existing building and structures
- construct a new basement car park and vehicle access off Gerard Street, with temporary fit-out of the basement car park for music and general education uses
- construct a landscaped podium above the new basement car park
- construct a new four story building, and an outdoor learning area at roof level
- set up temporary demountable class rooms
- undertake associated landscaping work.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”

To make a submission or view the environmental impact statement, visit www.majorprojects.planning.nsw.gov.au. Submissions can be made from Thursday 25 June 2015 until Monday 10 August 2015.

Written submissions can also be made to:

Attn: Planning Services
GPO Box 39
Sydney NSW 2001

The EIS is also available to view in person at:

- Department of Planning and Environment, 23-33 Bridge Street, Sydney
- North Sydney Council, Customer Service Centre, 200 Miller Street, North Sydney
