Exhibition of fit-out plans for new ICC Sydney Hotel at Darling Harbour

A proposal outlining the internal fit-out plans for the new International Convention Centre Sydney Hotel at Darling Harbour will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application, which includes:

- plans to fit-out the approved five-star hotel including all internal works relating to hotel rooms, back-of-house facilities, leisure facilities, function and retail spaces
- plans to install lighting on the external façades of the hotel facing Darling Harbour
- plans to subdivide

The Department is assessing this proposal due to its location at the state significant Darling Harbour site.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”

To make a submission or view the Environmental Impact Statement, visit [www.majorprojects.planning.nsw.gov.au](http://www.majorprojects.planning.nsw.gov.au) Submissions can be made from Thursday 28 May until Monday 29 June.

Written submissions can also be made to:

Attn: Planning Services
GPO Box 39
Sydney NSW 2001
