**Have your say on a multi-storey car park at Westmead Hospital**

A proposal to construct a multi-storey car park at Westmead Hospital will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application which seeks to:

- construct an eight level car park
- construct additional ground level parking
- construct an overhead walkway to the Westmead Centre for Oral Health Building
- demolish existing structures and remove trees
- extend and widen Institute Road
- undertake landscaping, including new open space and pathways.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”
