Have your say on the alterations and additions to the Campbell’s Stores in The Rocks

A proposal to remediate, renew and re-use Campbell’s Stores at 7-27 Circular Quay West, The Rocks will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application which seeks to:

- conserve and remediate the damaged heritage elements of the building
- upgrade existing stormwater infrastructure
- change the levelling of the outdoor dining area
- undertake external and internal works to the buildings for the adaptive re-use of the Campbell’s Stores
- construct a new three storey standalone building.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”
