Have your say on modifications to Lynwood Quarry

A proposal to add an additional granite pit at Lynwood Quarry, about three kilometres west of Marulan will be on exhibition from today for community feedback.

The Department of Planning and Environment is keen to hear the community’s views on the application which seeks to:

- add an additional 76 hectare granite pit to the west of the existing operations
- build additional roads connecting the proposed pit to existing waste rock and infrastructure areas
- construct associated water management structures
- changes to the size and location of waste rock areas
- construct an embankment to screen the proposed pit.

A spokesperson for the Department of Planning and Environment said the local community always has an opportunity to share their views.

“Community consultation is an integral part of the planning process and the applicant will have to respond to the feedback we receive and this is taken into consideration when we develop our recommendations,” the spokesperson said.

“It’s easy to participate by going online and we encourage everyone to take a look and have their say.”

To make a submission or view the Environmental Impact Statement (EIS), visit www.majorprojects.planning.nsw.gov.au.

Submissions can be made from Monday, 23 November until Monday, 7 December, 2015.

Written submissions can also be made to:

Department of Planning and Environment
Attn: Planning Services
GPO Box 39
Sydney NSW 2001

The application and EIS is also available to view in person at:

- Department of Planning and Environment, 23-33 Bridge Street, Sydney
- Goulburn Mulwaree Council, Civic Centre, 184-194 Bourke Street, Goulburn
- Nature Conservation Council, Level 2, 5 Wilson Street, Newtown
