**XVT Solutions awarded NSW Planning Portal contract**

The Department of Planning and Environment today announced the NSW Government had engaged ICT specialists XVT Solutions to build, manage and deliver the Department’s new Planning Portal.

A departmental spokesperson said XVT Solutions will provide the skills necessary to deliver the interactive planning Portal for NSW.

“The Portal will allow the community, local government and planning professionals to access planning and property information in one central online location,” the spokesperson said.

“XVT Solutions will work with the Department over the next three years to build the Planning Portal, rolling out in stages from later this year.”

XVT was awarded the contract following a competitive Request for Proposal process endorsed by the Department of Finance, Service and Innovation and instep with the requirements of the NSW ICT Strategy.
