

Government's response to *Warnervale Airport (Restrictions) Act 1996* Independent Review recommendations

<i>Review of the Warnervale Airport (Restrictions) Act 1996</i> Recommendations	Government Response
<u>Repeal of the WAR Act:</u> The Review Report recommends repeal of the WAR Act. Depending on timing of the repeal, the Review Report recommends the suspension of the flight movement restrictions provisions in section 6 of the WAR Act.	Accept
<u>Ensure community confidence:</u> The Review Report recognises the WAR Act is valued by some community members who are distrustful of the local council based on its actions over many years. If the WAR Act is repealed, the Review Report recommends a set of actions to alleviate this community distrust and establish a clear framework for the governance of operations and change management at the Airport.	Accept
<u>Urgent safety recommendation:</u> The Review Report's third recommendation is that urgent works are needed to be undertaken to modify vegetation height to the north of the runway which the Review Report states creates a risk to safety and limits the usable length of runway.	Accept
